Keep the Tonsils Clean

A Pinch of Tyree's Antiseptic Powder

in a glass of water, used frequently during the day as a gargle will keep the tonsils free from germs and render the delicate tissues of the throat strong and healthy. At this season of the year especially this precaution should be taken whether there is any affection manifested or not.

Remember it is easier to prevent than to cure. And it will save the child from the painful and serious operation of removing its tonsils.
